

# Alternative Medicine Methods to Treat Gout

**G**out treatments do not work very well, you might consider trying some home remedies below, and alternative treatments with regard to **gout**. Talk to your doctor to discuss the risks and benefits and whether these methods have an impact on the treatment of gout, which could take.

Here are some home remedy alternative treatment options for gout that have been studied.

Coffee - and studies have reported that drinking regular coffee as well as decaf have some impact on reducing amounts of **uric acid**. A study of why or how java affects the level of **uric acid** in the bloodstream so far. It is not coffee drinkers do not have to operate and start drinking coffee, but maybe in the future study and drink coffee for the treatment of gout.

Vitamin C - Ascorbic acid health supplements may reduce levels of uric acid in the blood, but will not be a study of the vitamin (C) for the treatment of gout. To determine the amount of vitamin C ought to be taken in order to talk with your doctor. Remember that you can get vitamin c in your way of eating fruits, specifically oranges and vegetables.

Studies have shown a link between cherries and low levels of uric acid, but there is no clear evidence that they have no effect on the symptoms of gout - Cherries. Perhaps he said, adding cherries and other dark colored fruits such as blueberries and blackberries for feeding your **gout treatment** gout to be sure, but you may want to talk about with your doctor.

Another alternative remedy to help overcome the fear of pain, or even gout medications are regarding the use of relaxation techniques such as deep breathing exercises and meditation to take your mind off the pain.

## Lifestyle Changes

Drugs are the most effective methods and proven to treat the signs of gout. However, changing your diet can also help **relieve gout**.

*The American Dietetic Association suggests the following changes to be able to your diet when dealing with gout.*

### Drink 8-16 Cups or 2 4 Liters of Fluids Per Day

It must be at least half of the fluid can be water. Raise virtually any liquid water if you can. Eat moderate amounts of healthy protein such as eggs, tofu, peanut butter and dairy low fat or fat free.

### Avoid Every Type of Alcohol, Especially Beer

And should be limited to the daily dose of fish and meat, poultry, and about 4 to 6 oz.

Maybe after these treatments and gout diet limiting the terms of the development of uric acid in your body as well as help remove in addition to that. Suggestions and can not in themselves reduce uric acid in the blood is sufficient to treat gout without medication, but it can help reduce the number of **gout attacks** and reduce the risk of crisis in the.
