

# Effective Ways of Getting Relief from Gout Pain

**A**s a **gout** sufferer, when you are compelled to wake up late at night because of unbearable pain in the joints, you will certainly be looking for a quick way of relieving yourself from the pain. If you suffer from **gout attacks** quite frequently, or any member of your family had previously been a sufferer of gout, then you have to be privy to the tricks of dealing with gout with immediate effect. One thing that you should definitely do is stop consuming foods that are rich in purine. Those foods play a big role in increasing the level of **uric acid** in your blood and that will certainly lead to gout attacks. Mentioned below are some important tips that will certainly enable you to get rid of the gout assault and prevent it from reoccurring.

## Tips to Get Relief from Gout Pain

You should always keep a system close to you, and that kit ought to include all those items that are necessary for getting you the much needed relief from your pain. Keeping the kit is absolutely necessary because it will not be possible for you to run to the doctor late at night. Keeping the necessary pain minimizing items close to you will ensure that you manage to relieve yourself from the pain when the attack happens at odd hours.

- The joint that has been affected should be sprayed with a good pain relieving spray that has the potential to penetrate into the strong.
- Such sprays are available in abundance in a lot of the pharmacies.

*You cannot avail a spray, then you can certainly help get a oil that is penetrating enough in order to reach the joints and heal the pain in quick time.*

- You can also go for any over-the-counter pain reliever.
- But a good idea is not to go for aspirin as that can deteriorate the condition further.

There is a bathtub in your bathroom, you'll be able to soak the affected areas in warm water with drops of Epsom salt and rock and roll salt demolished in it. Apple Cider Vinegar is also considered as a good remedy. In case there is no bath tub, the same purpose can be served by a large container or a bucket.
